I am trying to get this post Redacted Personal Info. Redacted removed from the site but figured I send not only them a request but also the bigger sister site (you guys). I simply want that post to be deleted and the faster the better. I appreciate your efforts in advance and I will be checking my email frequently, thank you.
53124870	5/5/2013 2:12:59 PM / Dorsey, Theresa	5/5/2013 2:12:59 PM / Dorsey, Theresa	Resolution	Dear Redacted I understand that you need assistance with removing content from a site. Upon reviewing of the domain's DNS settings it appears to be hosted through another provider. You will want to contact the hosting provider for the domain to see if you have any options to have them remove content hosted through their servers. We currently show that your domain is using the following nameservers: NS.WEBAIR.NET NS2.WEBAIR.NET Please let us know if we can assist you in any other way. Regards, Theresa P. Online Support

I realized after submitting the request that you only host domains, which i remember learning from the go daddy bowl for football which is great by the way. Would I contact then through the contact link on their site (which i sent right before the ticket to godaddy) or would i send it through one of the links you provided in your repsonse? Thank you again thats great that you guys responded so quick to something that doesnt directly concern you. I apologize for any misspelling im on a mobile device right now On Sunday, May 5, 2013,
